

# PORTABLE TARGETS

## EVIL ROY PRACTICE TARGET™

- Revolutionary stand folds up to less than 3 feet long so you can take it anywhere and carry it with ease.
- Certified 500 Brinell armor steel target plate for maximum safety and durability.
- Mount the target head at 2 different heights, up to about 36 inches.
- Mount any of our "PT" target heads at either height.
- Angled target plate with no exposed bolts or clamps means much safer shooting.
- No tools required for assembly, use, or storage.
- Perfect for Cowboy Shooting, USPSA and IDPA shooting, or just having fun with friends and family.

A portable and durable armor steel target for everyone who loves shooting! The PT Practice Target is the best thing to happen to shooting in a very long time. The portable stand folds to less than 3 feet long in just seconds, so it easily fits in the trunk of even the smallest car. The target head is made of AR500 armor steel so you can shoot it with anything from .22 rimfire to .44 magnum or .45 ACP with no damage at all.

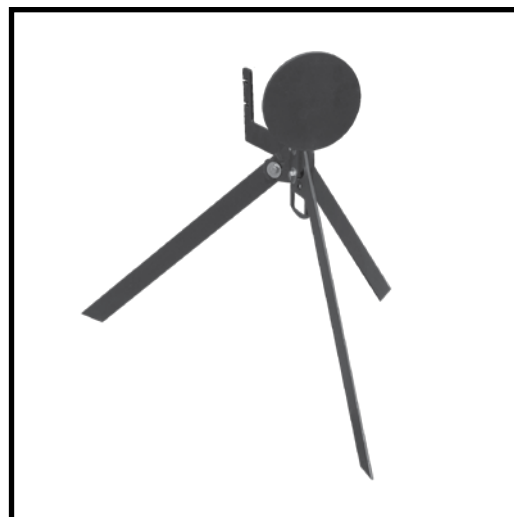

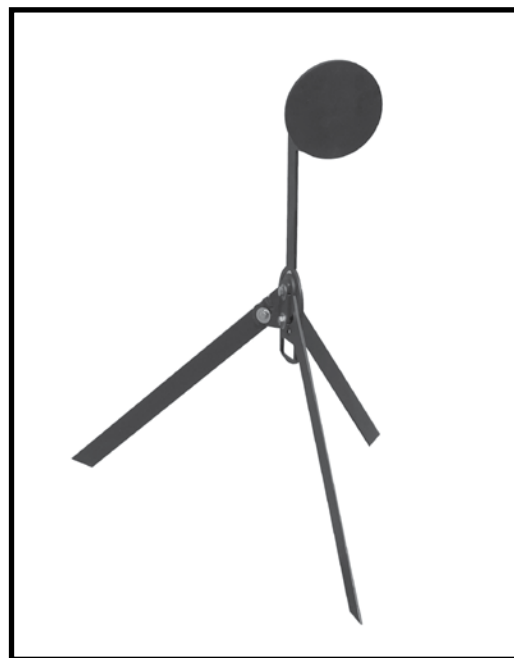

The beauty of a steel target is that you don't have to waste time changing paper or putting out new tin cans. The head of the Evil Roy Target will "bounce" a little when you hit it, so you get instant positive feedback.

***"Shooting on steel targets is the most effective and most efficient way to practice, regardless of your experience or skill level. I use this new design from Action Target for my own practice sessions because it gives me a perfect training tool to prepare myself for matches throughout the year. I also use these targets in all my shooting schools because they are easy to transport, they are safe, and they last."***
