

FIREARMS TRAINING STAFF

Thanks for taking a few minutes of your time. Action Target is thoroughly committed to the safety and security of law enforcement officers around the world. You have our sincere gratitude for the difficult job you do every day.

Beginning in January 2012 Action Target will be holding a series of training-seminars using our top of the line Portable Steel Targets. Your existing out door facility combined with a proper set of portable steel targets will get your training program on the move in short order.

Action Target is looking for agencies to host these training-seminars. The Host agency will get the opportunity to purchase the portable steel target package at a 50% discount. All agencies that attend will receive one of our top of the line steel Dueling tree targets to take back to their agency. For more details please contact richardm@actiontarget.com

Thank you again for your interest in Action Target. Feel free to contact us anytime with questions and/or suggestions about how we can better serve you and the rest of the law enforcement community.
