

PAST PERFORMANCE PROJECTS

PROJECT NAME AND LOCATION: **Bangor Submarine Base
Silverdale, Washington**

PROJECT SCOPE: Action Target, Inc. performed the design, manufactured the components, and installed four 25-meter, sixteen-lane live-fire ranges to include bullet traps, overhead steel baffle systems, and target systems. Each range was outfitted with Action Target's steel Total Containment Trap and Dust Collection Unit (DCU) as the bullet backstop and containment system, and each lane received a Smart Retriever target system and Shooting Stall module

OUR ROLE: Action Target served as a subcontractor. We designed, built, and installed the live-fire range equipment components.

Mr. John Curtis
Chief Operating Officer
Action Target, Inc.
1281 West 220th North
Provo, UT 84601

Regarding: Small Arms Training Center, Naval Subbase Bangor
Contract Award: N44255-03-C-1017

Dear Mr. Curtis:

We would like to take a moment to write you about the work the Action Target team performed at the Subbase Bangor Small Arms Training Center and to let you know it has been a pleasure being associated with your fine firm.

From our initial meeting through the final closeout item, Action Target has displayed timely and professional help in the design and construction of this new facility. It has been refreshing to work with a company that does what it says it will do and do it as professionally as your team has. Please commend your team members from all of us here at JKT/PCL for the hard work they put into this successful project.

Very truly yours,

Marty Stauch
