

# PAST PERFORMANCE PROJECTS

---

**PROJECT NAME AND LOCATION:** **Fort Benning**  
**Live Fire Shoothouse Village**  
**Fort Benning, GA**

---

**PROJECT SCOPE:** Manufacturing and installation of a seven building live fire MOUT village, underground training tunnel, and AAR facility.

---

**PROJECT DETAILS:** All building designs in this village, including the multi-story portion, have been certified by registered professional engineers. The multi-story buildings are free standing and provide a realistic appearance. The floors and roof of the live-fire building use the same design as the ballistic roof and floors that will be used in the NTC LF shoot house. This creates a zero Surface Danger Zone (SDZ) both vertically and horizontally. All mouse holes have protective plating to prevent rounds from escaping.

---

**SUBCONTRACT AMOUNT:** At award: Final Cost:  
Reason for cost growth: N/A

---

**APPLICABLE DATES:** Completion Date: January 2006

---

**CONTRACTING ACTIVITY:** TACOM RI Contracting  
Rock Island Arsenal  
Rock Island, IL 61299-7630

---
