

PORTABLE TARGETS

PT HOLD™

- Stable platform
- Simple assembly
- Easy to pick up and move
- 1x2 wood strips required
- Works with any target size
- Ideal for tactical training scenarios

Paper and cardboard targets are a great way to teach accuracy or threat recognition techniques. Unfortunately, there often is not a convenient way to mount them.

The PT Hold™ target holder combines a sturdy foot assembly with a simple clamp that holds 1-by-2 strips of wood to provide a portable and reliable way to mount your paper and cardboard targets anywhere you need to. You can also order special mounting rods to use our 3D Targets with your PT Hold™ stands.

Size: 6" H plus cardboard x 24" L x 24" W

Weight: 20 lbs.

Handgun: Cardboard target

Rifle: Cardboard target
