

PAST PERFORMANCE PROJECTS

PROJECT NAME AND LOCATION: **Federal Law Enforcement Training Center (FLETC)
Cheltenham, Maryland**

PROJECT SCOPE: Action Target, Inc. created the design, manufactured the components, and installed a total of seven ranges for this project. Four 25-meter ranges with 13 lanes each, two 50-meter ranges with 27 lanes each, and one 100-meter range with 11 lanes. Each range was equipped with turning targets and moving targets with Action Target's steel Total Containment Trap as the bullet backstop and containment system. A Screw Conveyor System was included with the Total Containment Trap to collect and recover spent rounds. Steel safety baffles in a tactical configuration were installed for overhead bullet containment on each range.

OUR ROLE: Action Target served as a subcontractor. We designed, built, and installed the live-fire range equipment components.
