

# CENTERSHOT GUN RANGE

INDOOR SHOOTING RANGE

GRAND RAPIDS, MI

CONTRACT RANGE:

\$385,000.00 - \$450,000.00

Action Target contracted with Rob Miller, owner of Centershot Gun Range, in April of 2013. His facility includes a 12-lane range split into 2 bays of 4 and 8 lanes and is located in Dorr, MI. Rob felt it was important to provide clients with a shooting experience unlike any other, so with that in mind, he selected high speed, lighted, 360-degree turning targets allowing range masters to train the general public and law enforcement officers in a realistic and safe manner. In addition, this 12-lane range allows for safe use accomplished under the watchful eye of the range safety officer through Action Target's clear ballistic split glass stalls. Centershot Gun Range also features a Total Containment Trap which allows for easy maintenance and an additional income stream from recyclables.

## PROJECT SCOPE

- Total Containment Trap
- Split Glass Stalls
- Touch Plus 360-degree Turning Target Retrievers
- Touch "N" Go Target Retrievers
