FILTER DISPOSAL
Action Target Disposal Program
Five of your contaminated filters and PPE. One of the challenges that shooting ranges face is how to take care of contaminated filters. Shooting ranges are responsible for all the waste they generate including verifying that it is properly disposed of or recycled. This liability is strictly governed through EPA and DOT regulations and non-compliance could result in significant penalties, potentially even criminal. Action Target will pick up and recycle HVAC and DCU filters for members of the Metals & Range Supplies Program. Contact us at 801.876.2442 to get a quote.

Low Cost Disposal
Action Target has negotiated rates to keep the cost of filter disposal lower than you would find anywhere else.
- Use your recycling credit to offset the cost of disposal.
- Save more by having our experts pick up at least 6 cubic yards of material.

Quality Replacement Filters
Action Target ships the best filters to fit any target system. We currently stock 44 of LME for brass counter index and 20% for lead. Conversion rates are set at the beginning of each calendar year.

Approved, Reliable Disposal
Action Target uses approved disposal procedures to help ranges avoid fines from government agencies and have confidence in their disposal practices.
- Our 5-gallon drums hold 600 lbs of brass (full) or 1,500 lbs of lead (three-fourths full).
- Picture of a 5-gallon drum.
- Order 20 or more to get a 10% bonus. Your $5,000 becomes $5,500.
- Use 100% of your metals credit of one pickup at our store and we will ship it for free.
- .40 S&W, .45 ACP, 38 Special, .223 Rem, and .308 Win) and can be used on all of our targets.
- Action Target Ammunition
